MEMORANDUM FOR: Assistant for Technical Development

SUBJECT: Color Film Print Dryer Study

25X1A

1. This confirms a verbal conversation with [REDACTED] regarding the Color Film Print Dryer Study.

a. From a substantive point of view, I concur in the undertaking of this project.

b. As gratis advice, I would suggest a rewrite of the project paper directed towards the long-term research aspects of this project as opposed to a short-range concept directed towards the immediate solution of present problems.
